This will also go towards your character assessment for you Black Belt Examination in the future

Dear Parent / Teacher

The reason I, Mr Paul Perry, Chief Instructor of Jin Sei Kai, wish for children to participate in this scheme is so I can use this information to help me assess the children when they are doing their exams (gradings) especially the higher Kyu grades and eventually the Dan grades (Black Belt). It enables me to be able to assess the character of each child with your help (by letting me know that they try and work hard) and the instructor of the dojo - who will discuss each individual child's training.

I also wish each child in Jin Sei Kai to grow up as a worth while citizen and to have a well-balanced nature. Each child should be kind, polite and helpful at home and try hard with their work at school.

Yours faithfully

Paul Perry
Chief Instructor
